Continuation of 4(e) Other:

The amendment format does not comply with the requirements of 37 CFR 1.121. Amended claims must include appropriate markings to show the changes that have been made relative to the immediate prior version of the claims. The markings for Claim 2, however, are not consistent with the prior version of the claim. The term "tetO" has been newly inserted into the claim without underlining to show the amendment. See 37 CFR 1.121(c).
